

International Journal of Geotechnical Engineering

EDITOR-IN-CHIEF

Braja M. Das

EDITORIAL BOARD

Arul Arulrajah

Swinburne University of Technology, Australia

Cavit Atalar

Near East University, Turkey

Mounir Bouassida

National Engineering School of Tunis, Tunisia

S. Feyza Cinicioglu

Istanbul University, Turkey

Maria Diakoumi

University of Brighton, U.K.

Erman Evgin

University of Ottawa, Canada

Waldemar Hachich

University of Sao Paulo, Brazil

Sergey Anatolievich Kudryavtsev

Far Eastern State Transport University, Russia

Priti Maheshwari

Indian Institute of Technology Roorkee, India

Anil Misra

The University of Kansas, U.S.A.

Joshua R. Omer

Kingston University, U.K.

Thomas Petry

University of Missouri-Rolla, U.S.A.

Pedro Simao Seco e Pinto

University of Coimbra, Portugal

Krishna R. Reddy

University of Illinois at Chicago, U.S.A.

Isam Shahrouf

University of Lille 1, France

Eun Chul Shin

University of Incheon, Republic of Korea

Sanjay Kumar Shukla

Edith Cowan University, Australia

Devendra Narain Singh

Indian Institute of Technology Bombay, India

Siva Sivakugan

James Cook University, Australia

Khaled Sobhan

Mehmet T. Tumay

Louisiana State University, U.S.A.

Helena Vrecl-Kojc

University of Maribor, Slovenia

Jonathan T. H. Wu

University of Colorado Denver, U.S.A.

Musharraf Zaman

University of Oklahoma, U.S.A.

Askar Zhusupbekov

L.N. Gumilyov Eurasian National University,
Kazakhstan

GENERAL INFORMATION

The *International Journal of Geotechnical Engineering* is a quarterly publication of peer-reviewed original papers, technical notes, and book reviews by international scholars covering all topics of geotechnical engineering. The aim of the Journal is to provide high quality papers on recent research and developments that will be important contributions to the literature and to the profession.

Papers from all areas of geotechnical engineering are invited, and practical applications of geotechnical engineering research are particularly of interest. All the papers in the Journal have been refereed by the Editor-in-Chief and anonymous peer reviewers.

The following topics will be covered:

- foundations
- retaining structures
- soil dynamics
- engineering behavior of soil and rock
- site characterization
- slope stability
- dams
- rock engineering
- earthquake engineering
- environmental geotechnics
- geosynthetics
- computer modeling
- groundwater monitoring and restoration
- coastal and geotechnical ocean engineering
