Research on the topic of steel frames with semi-rigid connections has been conducted over the past 10 years. With the publication of the 2005 AISC specifications as well as Eurocode 3, practical implementation of the use of PR connections in structural systems is now a real possibility. The Semi-rigid Connections Handbook presents a simple and comprehensive introduction that will help design practitioners implement these new developments into engineering practice. Beginning with a discussion of the new specifications and classifications of these connections, the authors go on to show, on the basis of the collected connections database, practical mathematical models for computer implementation and provide case studies on these frames including composite construction. With the help of the user-friendly list of collected data in tabular form with illustrative figures, information on semi-rigid connections is now available in a single publication and may ultimately result in its wide-spread usage among practitioners.

About the Lead Editor

Dr. Wai-Fah Chen, was Professor and Dean of the College of Engineering at the University of Hawaii from 1999 to 2006. The author or co-author of over 20 books, his primary areas of research are constitutive modeling of engineering materials, soil and concrete plasticity, structural connections, and structural stability.
Chapter 1: Classification and AISC Specification
Chapter 2: Effects of Semi-rigid Connections on Structural Members and Frames
Chapter 3: Types of PR Connections
Chapter 4: Modeling of Connections
Chapter 5: Steel Connection Database
Chapter 6: Advanced Analysis of Steel and Composite Semi-rigid Frames
Chapter 7: Case Studies for Second-order (Direct) Analysis of Semi-rigid Frames in Hong Kong
Appendix: Experimental Data of SCDB
A-1 Single Web Angle/Single Plate Connections
A-2 Double Web-Angle Connections
A-3 Top- and Seat-angle with Double Web-angle Connections
A-4 Top- and Seat-angle Connections
A-5 Extended End-plate Connections
A-6 Flush End-plate Connections
A-7 Header End-plate Connections

A comprehensive reference for structural engineers

Elastic Beam Calculations Handbook
Jih-Jiang Chyu

The Elastic Beam Calculations Handbook presents a mathematically rigorous treatment of beams based on elastic theory written at a technical level that is as simple as can be achieved without losing clarity. Practitioners will quickly learn the essentials to apply elastic beam calculations in their work. This much-needed comprehensive reference covers elastic beams with varying material and section properties, support conditions, span lengths, and other important geometric features. It provides simple and logical presentations of elastic beam problems by addressing each as corollaries of a more general theorem, consequently resulting in numerical work that can be planned and executed with ease, clarity, and optimal results.

2009, 336 pages, 7 x 10
Special Direct Price $99.95

---

ORDER FORM

Please indicate quantities next to the title(s) ordered:

SEMI-RIGID CONNECTIONS HANDBOOK
Special Direct Price $169.95 each.

ELASTIC BEAM CALCULATIONS HANDBOOK
Special Direct Price $99.95 each.

Shipping & Handling: Add $6.95 for the first book ordered, and $2.50 for each additional book.
Tax: Florida residents add 6.5% sales tax.

Four Ways to Order:

1. Mail Complete this form and mail it with your Check, Credit Card Info, or Purchase Order to:
   J.Ross Publishing
   300 S. Pine Island Rd., #305
   Fort Lauderdale, FL 33324

2. Telephone Call us at 954-727-9333 ext. 2
3. Fax Fax this form or your purchase order to 561-892-0700
4. Online Visit us on the Web at www.jrosspub.com

Attention Professors:
If you wish to consider any book for class adoption, please contact J.Ross Publishing and ask about our 45-day Review Program.

Ordering Information:
US: Orders must be prepaid in US dollars or accompanied by a company purchase order. Please add appropriate shipping and handling charges for each book ordered. Florida residents add 6.5% sales tax.
Canada: Orders must be prepaid in US dollars or accompanied by a company purchase order. Add $20.00 shipping and handling for the first book and $7.00 for each additional book.
International: Orders must be prepaid in US dollars. Add $30.00 shipping and handling for the first book and $10.00 for each additional book ordered.

Your Satisfaction is Guaranteed: If this book does not meet your needs, it may be returned to us in saleable condition within 20 days of receipt.
